

Message from the Principal

Saturday 5pm 21.03.20

I need to inform you that I have contacted the DfE this morning to seek advice. A member of the Goldwyn College (Folkestone) staff has been in contact with a confirmed case of Covid-19 and although she is **not** displaying symptoms, she has been told to self isolate for 14 days. DfE has told me “there is no action to take other than to inform all staff and parents, and to carry on” and that if you display any symptoms “you must go home and self isolate for 7 days”.

As the member of staff also worked at Goldwyn College last week I will need to close both Goldwyn Folkestone and Goldwyn College (Norfolk Drive) sites for deep cleaning on Monday 23rd March and Tuesday 24th March. Staff and students will therefore not be able to attend these sites on these days.

Goldwyn Plus Ashford and Goldwyn Ashford sites are **not** affected and the arrangements put in place on Friday remain in place.

Please will you make sure you check the website tomorrow and every day, as we will be posting regular updates and information about work being set for students.

Thank you for your kind messages of support and understanding in this very challenging time for everyone.

Best wishes

Charlotte Lewis

Principal
Goldwyn School
